

Dear Patient,

Dr. Maria Claudia Torres, our assistants and hygienists, have all reserved a significant amount of time just for you. Our philosophy is to allow ample time to do a thorough job and we do not rush anybody. While we realize that circumstances may arise that prevent you from keeping your appointment, we require 48 hours' notice so that we may accommodate other patients. Otherwise, you may be charged a cancellation fee to partially offset our lost time and expenses. We hope you understand and thank you for your corporation.
